Subject: Tonight-City Council Meeting Agenda: Medical Marijuana Regulations

Hello all,

There is a very important topic on the agenda at tonight 's City Council Meeting. I urge anyone who wishes to voice their opinion on this topic to attend as it can have a huge impact on our city.

There is support on both sides of this recommendation. One of the points will be access to children and the problem we currently have with marijuana use in San Leandro teens. The other point is the danger these businesses have on public safety. For example, a few months ago a San Leandro officer was shot at seven times at close range by a drug dealer protecting his marijuana grow. Fortunately the officer was not hit.
